DIRECTORY ISSUE

SHIP YOUR HARD STONE MODELS TO US FOR ALL TYPES OF JACKETS, GOLD INLAYS and BRIDGES. USE BUSINESS

REPLY LABEL (BELOW) NO POSTAGE, NO MONEY, NO C.O.D.

HARD STONE MODELS that you make from your HYDROCOLLOID, ALGINATE, SILICONE and RUBBER impressions are now gladly accepted for the construction of beautifully natural-appearing and perfect fitting porcelain jackets and bridges.

Please do not place dowel pins or cut model apart, we will do that. We suggest that you fill impression with stone to about one-half inch higher than neck of teeth. This is very important.

The hard stone model you send us should include the prepared tooth or teeth with an additional two or three teeth on either side. Also, a stone model or tray impression of the opposing teeth and a shallow wafer wax bite.

We do not disassemble or duplicate your model. We keep it intact, just as you send it to us. We ship your restoration to you on your original model. As your model is, so shall the restoration be.

A 1959 PREDICTION

Via and Beyer reporting in the May, 1959 issue of THE JOURNAL OF THE AMERICAN DENTAL ASSOCIATION wrote . . .

"Carbocaine must be considered an experimental drug at this time. After more clinical investigation has been completed, it may take a prominent place among the anesthetic drugs used by the dental profession."

BECOMES A 1960 REALITY

"More clinical investigation" *has, indeed,* been completed ...so much more, in fact, that Carbocaine becomes one of history's most thoroughly researched local anesthetic compounds. And from these investigations emerges a clear fact: **this is a drug destined to be of significant import because of these highly desirable anesthetic properties...**

- **TOLERANCE**—remarkably **well-tolerated,** both locally and systemically. Neo-Cobefrin—the vasoconstrictor—further enhances this tolerance.
- **SAFETY**—meticulous investigation reveals **no allergic responses** to Carbocaine by patients sensitized to other local anesthetics.
- **EFFECTIVENESS**—high incidence of satisfactory anesthesia establishes a new standard of **excellence.**
- **MODERN ONSET**—very rapid, frequently reported "immediate".

Try Carbocaine NOW—order your supply from your dental dealer today. Comes in 1.8 cc. min. cartridges, 50 cartridges per can.

Clinical samples and detailed literature available on request.

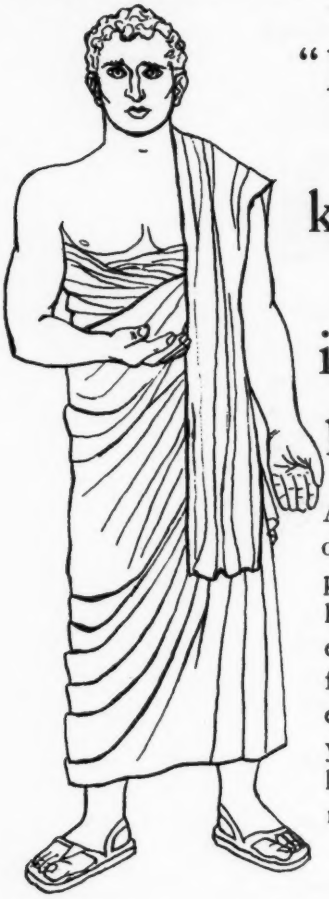
THIS WE BELIEVE AT KENNEDY...

Alexander the Great on EXCELLENCE:



"I had rather excel others in the knowledge of what is excellent, than in the extent of my power and dominion."

A truth that is almost to obvious to be recognized, is the fact that dental laboratory personnel cannot consistently produce excellent restorations unless they know what *is* excellent. Actually this is a most important factor, considering that at stake are the esthetics, fit and function of a case. Entrust your prescriptions to the dental laboratory known to have experienced, progressive and respected personnel.

Owned and Published Monthly by the Illinois State Dental Society. Unless explicitly stated to the contrary, all opinions expressed in articles are those of the writer and not those of the Illinois State Dental Society. The subscription price is three dollars annually, foreign, four dollars. Reentered as second class matter on September 29, 1932, at the Post Office at La Grange, Illinois. under the Act of March 3, 1879.

John W. Hardy

Councilman, Southern District

Dr. John W. Hardy of Effingham was graduated from St. Louis University School of Dentistry in 1919. He joined the State Society in 1920 and in 1960 has become a life member of the Society. He is a veteran of World War I; during World War II he served as a member of the Selective Service System. He has been president of the Wabash District Dental Society.

Youth work is his special interest. He has been active in Boy Scout work, holding the office of district commissioner for many years. As a Kiwanian, in which he has been lieutenant governor, he is at this time serving as chairman of the boys and girls work.

Dr. Hardy is a past master of A.F. & A.M. Lodge No. 149, Effingham; he is a Shriner and a member of the Danville Consistory.

He is married and has three children. His older son, Dr. John W. Hardy, Jr. is a dentist in Hoopeston, Illinois, and his son-in-law, Roger W. Dettro, is a senior in Washington University School of Dentistry.

For twenty years Dr. Hardy has practiced in Effingham. He is now (1959-1962) on the Executive Council representing the Southern Illinois District.

Dental Health Conference

to be held september 29 in springfield

by Clifton B. Clarno, D.D.S.

The Fourth Dental Health Conference, sponsored jointly by the Council on Dental Health of the Illinois State Dental Society and the Division of Public Health Dentistry of the Illinois Department of Public Health, will be held at Springfield in the Leland Hotel on Thursday, September 29th.

During the last three conferences, the participants have been told about what they should do on the local level in dental health education. The Conference this year is going to be a sample program as a pattern for other conferences throughout the state.

It is the hope of the members of the Council on Dental Health that this year's Conference will have even greater attendance and interest than the three previous conferences. Each component society should have at least one representative in attendance — particularly the chairman of the local council on dental health—as well as members of the component committees and of any health department within the component society.

The subject for this Conference will be "Setting up a School Dental Health Program." Participants will include school administrators and nurses, representatives from each component society, Dental Health Council members, and other interested persons (such as PTA representatives, public health nurses, etc.). The program will be as follows:

8:30 a.m.
Registration.

9:00 a.m.
Introduction of speakers by Dr. Robert A. Norton, secretary of the Council on Dental Health.

Address of welcome by Dr. Herman R. Wenger, president of the Illinois State Dental Society.

9:30 a.m.
Address by Dr. Fatherree, director of the Illinois Department of Public Health, and Mr. George T. Wilkins, superintendent of public instruction in Illinois.

10:00 a.m.
"Nature of Dental Disease and Need for Dental Education" by Dr. William H. Sowle, member of the Council.

10:30 a.m.
"How Dental Societies Can Work with Schools in the County" by Mr. Perry J. Sandell, director of the Bureau of Dental Health Education of the American Dental Association.

11:00 a.m.
"Integrating Dental Health Education into the School Program" by Miss Mable Rugen, professor of health education at the University of Michigan.

Continued on next page

Dr. Clarno is chairman of the Council on Dental Health of the Illinois State Dental Society—an advisory committee to the State of Illinois, Department of Public Health.

1:30 - 2:15 - and 3:00 p.m.
Three discussion sessions with groups rotating, so that the discussion leaders may be heard by all participants.

4:00 p.m.
Summary of the Conference by Mrs. Carolyn Ryle, health coordinator of the Eastern Illinois College, Charleston.

•

State Board Exams

passed by dentists, hygienists

EDITORIALS

Sadie Alloway

This is the age of the "fast back," the slogan "the Lord helps those who help themselves," and the almost universal attitude of "what's there in it for me?" That's why it's so nice to know an occasional person who is completely unlike this—someone who has the sincerity and integrity of a past generation.

We all know such a person in Illinois dentistry, Miss Sadie Alloway. She retired on July 1st after giving most of her working life to the Illinois Dental Society as assistant secretary. Many of the people who know Sadie well—who have worked with her, and have depended on her—view her retirement with scrambled feelings: happiness that such a nice person as Sadie can take it easy; a queasy feeling about the immediate fortunes of the Illinois State Dental Society with Sadie gone.

Sadie has literally seen the Illinois State Dental Society come of age. More than that, she has had an architect's role in the planning. It hardly seems enough to say, "Thank you, Sadie, and good luck," but she will know that this is multiplied by a unison of over 5,000 voices—the deep gratitude of the entire membership.

So, thank you, Sadie, and good luck from all of us, your indebted friends, the members of the Illinois State Dental Society.

Can Dentists Write?

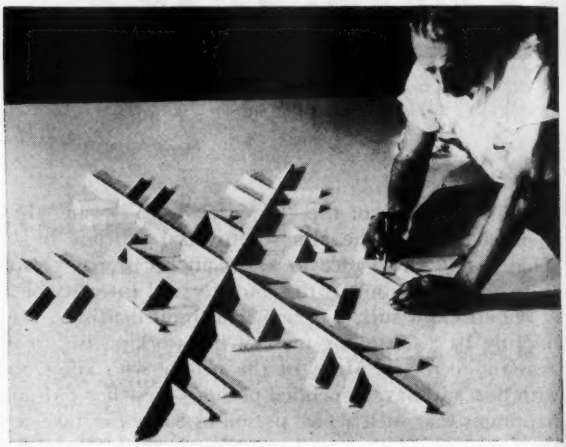
Sometimes we wonder about the majority of dentists. Are they ordinary like the mine run of other people? Do they read? Have an opinion? Or are they completely self centered, rushing to their offices every day, working in their secluded cocoons, and then rushing home to get ready to do it again tomorrow? Can they write?

In over fifteen years of editing the JOURNAL we would guess that not more than fifty unsolicited letters have been written to this magazine expressing an opinion or even criticizing us. This is less than one letter every three months. We have inquired of other dental editors, and this is their experience, too.

Admittedly Illinois dentists are busy, but surely something in the ILLINOIS DENTAL JOURNAL must be either pleasing or displeasing enough to make them take time—if only once a year—to drop us a brief note saying, "I liked," "I didn't like," "Why don't you . . .?" or "Why didn't you . . .?"

At the conferences of the American Association of Dental Editors we have learned that very few dentists take the time or trouble to drop a note to their editors. We'd certainly like to be the exception to that. We'd like to go to at least one of these conferences and be able to boast of the interest *our* members have in their official publication—the ILLINOIS DENTAL JOURNAL.—*W. P. S.*

Today, glass-making combines high artistry with scientific precision. This craftsman is working on a prism design snowflake, 48 inches in diameter, to be laminated to a door panel.



Let's Take A Minute

by robert l. kreiner, d.d.s.

Would it surprise you to know that if the earth's entire crust were properly crushed and mixed, heated hot enough and cooled fast enough, that the resulting substance would be glass? Now don't rush right out into your back yard and start breaking down clods of dirt to make your own glass, because the odds are that you don't have all the ingredients in your particular plot. But let's take a minute to look at this stuff called glass.

Glass today can be a sheet of paper, a hammer handle, a hair-thin thread, a curtain, or a gleaming door panel. Yesterday it was a vase, a lens, a window pane, a rich man's toy, or a weapon of war.

Basically its main ingredients are sand, soda ash, and limestone, although almost all the basic elements of the earth are required by one or another of the glass-making formulae now in use.

The first known glass was nature's own product—from the terrific inferno of volcanic eruption. And its first use was as arrowheads to help early man in bringing down game for his table. Gradually as man perfected the art of manufacturing glass he developed many different uses for it.

Glass making became a true art with the Venetians and some of the early craftsmen were virtually kept prisoners by their overseers, so that they could not divulge the secret formula of their particular specialty.

The first optical lenses were produced around 1285, and the first mirrors came into being at about the same time. Only the wealthiest of the world's citizens could afford the luxury of glass while it remained in the ornamental category, and it has only been in the last 150 years that it has become a clear necessity.

Today, with the increasing use of glass in homes, schools, and office buildings, we may soon be known as the "people

CANCER INVENTORY 1960:

4th National Cancer Conference

Never has cancer been under such concerted attack as today. To assess the progress made, the American Cancer Society and the National Cancer Institute are sponsoring the 4th National Cancer Conference, September 13, 14 and 15, 1960, at the University of Minnesota, in Minneapolis.

The conference theme is "Changing Concepts Concerning Cancer." Attending will be clinicians and research workers from the United States and other countries, as well as residents, interns and medical students.

By providing such opportunities for keeping the medical profession informed of latest advances, the Society's Professional Education program helps to bridge the gap between research laboratory and physician's office.

AMERICAN CANCER SOCIETY

Let's Take a Minute *(Continued from page 522)*

who live in glass houses." But in reality, it is inside the building that the greatest changes are taking place. There, one finds glass fibers for curtains, glass barriers that block atomic radiation, and glass to conduct electricity or to insulate against it.

Scientists tell us that in the world of tomorrow we will have satellite stations, spaceships, rockets and other aeronautical apparatus—all constructed in large part from newer and tougher types of glass.

That arrow-whittling caveman would surely have cracked up if he could have been told what his discovery would lead to. But the rest of us, though we might be a bit glassy-eyed from this vision of progress, can't doubt that it will come to pass. It's as clear as crystal—ooops, sorry!—crystal *glass*.

ADIOS.

OBITUARY

JOHN A. MARSHALL
1890-1960

Dr. John Allen Marshall, 70, a Morrison dentist for thirty-nine years passed away March 3 in the Community Hospital following five months of serious illness with a heart condition.

Dr. Marshall attended Business College in Burlington, Iowa; pre-med school at Iowa City, Iowa; and graduated from the Chicago College of Dental Surgery in 1918.

He began his practice in Owen, Alberta, Canada, and joined the Illinois State Dental Society the following year. He next practiced in Aurora, Illinois, and later moved to Morrison. At the time of his death he was a life member of both the State Society and A.D.A.

Active in the First Presbyterian Church of Morrison, Dr. Marshall also served as a member of the Morrison Board of Education and was the first president of the Morrison School PTA. He was a leader in the Boy Scouts movement and was also active in the Rotary, American Legion, and Masons.

Surviving are his wife, Anna; and a son, John Waldron of Silver Springs, Maryland.—*Curt J. Gronner*

EDWARD F. STALLMAN
1893-1960

Dr. Edward F. Stallman, 67, a retired Waterloo dentist, business and civic leader, died in Memorial Hospital, Belleville, where he had been a patient twelve days.

A World War I veteran, Dr. Stallman graduated from the St. Louis University School of Dentistry in 1918 and joined the St. Clair District Dental Society in 1919, the year he began to practice dentistry in Waterloo.

He was a member of the American Legion, the board of directors of the State Bank, president of the Building and Loan Association of Waterloo, and the Masons.

Survivors include his wife, Augusta; a son, William E. of Carbondale; and a daughter, Mrs. Loren Mentel of Waterloo.—*Robert Kuebel*

CURRENT NEWS

USPHS RESEARCH GRANT TO NUDS

Northwestern University Dental School has received a research grant of $83,735 from the U. S. Public Health Service.

The grant, covering a three-year period, will enable investigators to determine if the electromyography, a device to chart the action of muscles, can be used in diagnosis and management of dental ills.

The work is under the direction of Drs. Stanley C. Harris, professor and chairman of the department of physiology and pharmacology, and Harold T. Perry, instructor in orthodontics.

TAKE MEMBERSHIP CARDS TO L.A.

All dentists planning to attend the annual session of the American Dental Association, October 17-20, in Los Angeles should be sure to take their 1960 membership cards.

They are essential for registration and needed for admittance to the scientific programs.

ILLINOIS CONTRIBUTES 123% OF RELIEF FUND GOAL

When the 1959-60 A.D.A. Relief Fund Campaign closed on June 30th, Illinois had contributed $8,077.90 or 123% of its quota . . . a new high for the state.

New York led contributions with $12,943.75, and Pennsylvania was third in total contributions with $6,621. Percentage wise Alaska was first with 430% of its quota; Tennessee was second with 313.9% of its quota; and Arizona third with 217.2%.

Arizona and the District of Columbia were the only two constituent societies who earned the distinction of having *every* member of their societies making a contribution to the campaign.

ADA COUNCIL APPROVES CREST

The American Dental Association has officially recognized Crest toothpaste as "an effective decay-preventive agent." Crest is the first dentifrice ever to receive such recognition. In a statement published in the August issue of *The Journal of The American Dental Association,* the Council on Dental Therapeutics reported:

"Crest has been shown to be an effective anticaries (decay preventive) dentifrice that can be of significant value when used in a conscientiously applied program of oral hygiene and regular professional care; Crest dentifrice may also be of value as a supplement to public health procedures."

The dentifrice contains stannous fluoride as its principal active ingredient. The Council emphasized that its action applied only to this specific product, and to no other.

Three elements were involved in the Council's decision: the safety, the effectiveness, and the advertising claims.

LOYOLA OFFERS TEACHER TRAINING PROGRAM

Loyola University School of Dentistry, Chicago College of Dental Surgery, is offering a research and teacher train-

ing program in oral biology. This is under a teacher training grant from the National Institute of Health. It is designed for candidates desiring a teacher's career in basic sciences or in clinical subjects. The stipends are up to $5,000 per year, and the program can lead to an advanced degree.

For further information, please write to Dr. Harry Sicher, Director, Loyola University School of Dentistry, 1757 W. Harrison Street, Chicago 12.

CIVIL DEFENSE CONFERENCE SET FOR SEPTEMBER 21-22

The largest gathering of civil defense and disaster workers ever to be held in this country is scheduled for September 21-22 at the Leamington Hotel in Minneapolis, Minnesota.

Among the topics to be covered during this Conference will be chemical and biological warfare, civilian medical problems, and emergency health services.

Any dentist desiring further information on the Conference should contact Dr. William Tolar, Chairman, Civil Defense Committee of the Illinois State Dental Society, 6804 Windsor Avenue, Berwyn.

FUND FOR DENTAL EDUCATION GETS $50,000 FROM A.D.A.

Dr. Paul H. Jeserich, president of the American Dental Association and dean of University of Michigan School of Dentistry, recently announced that the American Dental Association is making a $50,000 contribution in support of dental education through the Fund for Dental Education. Dr. Jeserich described the A.D.A. action in making this contribution as "an investment in the second century of progress and growth of organized dentistry in the U.S."

The grant, he explained, is to be divided between the Fund and the American Association of Dental Schools and used to advance programs of dental education with which they are charged.

At the same time, Dr. Maynard K. Hine, president of the Fund and dean of Indiana University Dental School, and Dr. Raymond J. Nagle, vice president of the Fund and dean of New York University College of Dentistry, called for a nationwide effort to encourage dental student recruitment. The freshman classes of the nation's dental schools opened this fall with 130 vacancies. This is a serious thing for dentistry, they pointed out, because there will be 130 fewer practicing dentists four years from now when these classes are graduated.

PRE-PAID UNION DENTAL CARE PRONOUNCED A SUCCESS

A pre-paid union dental care program has been pronounced a success by dentists, patients, and the union after three years, according to an article in the August issue of *The Journal of the American Dental Association.*

The plan is operated by the Oregon State Dental Association for the children of members of the International Longshoremen's and Warehousemen's Union and Pacific Maritime Association (ILWU-PMA). Approximately 2,300 children and 355 dentists are involved in the Oregon plan which is operated through the Oregon Dental Service Corporation set up by the dental society.

Dr. William W. Howard of Portland, president of the service corporation, pointed out in the article that originally "many dentists were apprehensive about what form the program might take and what its effects might be on private practice."

After three years of operation, a survey of 179 participating dentists showed

that the vast majority felt the patient-dentist relationship had been improved or was unchanged, 134 felt that fees were about right, and 148 said they would like to see other unions adopt similar plans.

U. OF I. VEEP LONGENECKER TO HEAD TULANE UNIVERSITY

Dr. Herbert E. Longenecker, vice president of the University of Illinois, in charge of the Chicago Professional Colleges, has resigned to accept the presidency of Tulane University in New Orleans.

His appointment will be effective September 1st of this year.

Dr. Longenecker has directed the Chicago Professional Colleges since 1955, having come to this post from that of dean of the graduate school at the University of Pittsburgh.

In commenting on the appointment, U. of I.'s President David D. Henry said:

"We are indeed sorry to lose Dr. Herbert Longenecker from the University of Illinois, but we congratulate him upon the recognition and the opportunity which have come to him. Tulane is one of the leading universities of the nation and its presidency is an honored post . . .

"Dr. Longenecker is regarded by all of his colleagues as a man of professional dedication, and insight in human relations . . .

"We are unhappy in our loss, but we wish him well for the tasks ahead."

NDA EDITOR NAMED DENTIST OF YEAR

During its annual meeting, August 1-5, the National Dental Association presented its "outstanding dentist" award to Dr. Clifton O. Dummett of Tuskegee, Alabama, editor of the Association's quarterly publication since 1952.

Dr. Dummett completed his undergraduate requirements at the College of Liberal Arts and Sciences, Howard University, Washington, D.C.; obtained his B.S. degree from Central YMCA College (Roosevelt College, Chicago); and his D.D.S. degree from Northwestern University Dental School in 1941. He obtained the M.S.D. Degree in periodontia from Northwestern University, and as a fellow of the Julius Rosenwald Fund, completed studies in Public Dental Health Administration, receiving the M.P.H. Degree from the University of Michigan in 1947.

He is licensed as a specialist in periodontia by the Tennessee State Board of Dental Examiners, and is a diplomate of the American Board of Dental Examiners, American Board of Periodontology, and American Board of Oral Medicine.

DR. WALTER THEOBALD RE-ELECTED AS MED CENTER COMM. PRESIDENT

Dr. Walter H. Theobald has been re-elected to his fourteenth consecutive term as president of the Medical Center Commission at its annual meeting.

He is emeritus clinical professor of otolaryngology at the University of Illinois.

Other officers re-elected were vice president, Dr. Karl A. Meyer, medical director of Cook County institutions and guest lecturer at Loyola University School of Dentistry; treasurer, Thomas J. Downs; and secretary, C. Hilding Anderson.

WASHINGTON "DENTURISTS" FAIL TO GET NEEDED SIGNATURES

The initiative, sponsored by the denturists in Washington, to place licensure

of dental laboratory technicians on the November general election ballot has failed.

In order to place the measure before the electorate, 100,000 signatures were needed by July 8. The deadline passed without any effort being made to file the required number of signatures with the state Attorney General.

The legislation involved would have created a new class of licensees known as "denturists" who are not licensed dentists but who would be permitted to "make, fit and repair dentures for healthy and toothless human mouths."

ACADEMY FOR HANDICAPPED ELECTS NEW OFFICERS

At the annual convention of the Academy of Dentistry for the Handicapped, the following officers were elected:

President, Dr. Max L. Bramer of Chicago; president elect, Dr. Robert Kaplan of Camden, New Jersey; and secretary, Dr. Robert L. Holle of Cincinnati, Ohio.

UNDERWRITE STUDENT CLINIC PROGRAM FOR SECOND YEAR

For the second year each of the nation's dental schools is being invited to select an outstanding student clinician to participate in the scientific program at the American Dental Association's annual session in Los Angeles, California, expenses paid.

Continuing its financial support of the Student Clinic Program for a second year is the Dentists' Supply Company of New York, York Pennsylvania.

The students selected will be guests at a luncheon, also attended by representatives of the A.D.A. Councils on Scientific Session, Membership and Dental Education; will present their clinics on Monday, October 17; and will vie for cash awards to be presented to the three best table clinics.

PUBLIC FAVORS GOV'T MEDICAL CARE: MICHIGAN U. SURVEY

More than half the adult population favors government help in obtaining low-cost medical and hospital care. About one in three believe present government activity in this area should be increased. But many Americans have no opinion on this controversial question.

These are the major findings of two University of Michigan studies on public attitudes toward government participation in health and hospital care.

Fifty-five per cent of those interviewed in the national study felt the government should "help people get doctors and hospital care at low cost." Twenty-five per cent were opposed to government help, while 20 per cent had no opinion. In the Detroit study, 63 per cent favored governmental assistance, while 23 per cent were opposed.

SASKATCHEWAN READIES FIRST AMERICAN STATE MEDICINE

The Canadian province of Saskatchewan will soon launch North America's first experiment in state medicine. This was apparent when the socialist-oriented Co-operative Commonwealth Federation was victorious in mid-June provincial elections, capturing 38 of the 55 legislative seats and 41% of the total vote.

Neither a government led by the Federation nor free medical services are novel in Saskatchewan. Premier T. C. Douglas, Federation head, has held his office since 1944 and for just about that long his party has been campaigning on a platform of more and more gov-

Membership Directory

A key to the symbols used in this directory will be found on the preceding page. A member's name is followed by his address, component society, school and year of graduation, and year in which he became a member of the Illinois State Dental Society.

The symbol "Chi" indicates a Chicago address, and the name of the city is not repeated in the listing; "Illinois" has been omitted after all cities in the State.

Life members are designated by an asterisk; retired members, by "ret"; men in military service, by "s" in front of their names; and non-resident members by "non-res."

Because this directory serves as a reference for a year, each member should retain his copy until the next directory is published.

Please check your listing and report immediately any corrections and/or additions to Dr. Paul W. Clopper, Secretary, Illinois State Dental Society, 632 Jefferson Building, Peoria.

ernmental medical services, having originated compulsory hospital insurance in Canada in 1947. But in the election just past it was practically the only issue discussed and the Premier said repeatedly that he would stake the election on the voters' reaction to his comprehensive health care plan.

TRY TO EXPAND BENEFITS AS OASI TAXES GO UP

Almost simultaneously with the automatic increase in Social Security taxes last January 1 (up 1/2%) to meet expenses of OASI legislation passed to date, House and Senate leaders are predicting expansion of benefits under the program.

Earlier, a group of leading northern Democrats had issued a statement calling for the provision of health benefits under the federal social security program. President Eisenhower, in his State of the Union message to Congress, made no reference to any government-sponsored health benefit plans although Health, Education and Welfare secretary, Arthur Flemming, previously had announced that the administration would recommend a "positive plan" for health care of the aged.

At the same time, Rep. Aime J. Forand (D., R.I.), leading sponsor of legislation to provide health care benefits under OASI, stated that "our country's aged people are in need of such a program and the people are willing to pay for it."

ONLY ILLEGALS QUALIFIED TO TREAT PUBLIC IN BR. COLUMBIA

Dental technicians in British Columbia, Canada, who have been breaking the law for the past seven years are now empowered to make and sell dentures directly to the public. Those dental technicians who have been obeying the law, which until now forbade direct dealings, do not receive the right. This seems the substance of regulations governing dental technicians recently enacted by the provincial legislature under the "Dental Technicians Act" of 1958.

That this interpretation is the correct one was confirmed by R. R. Keith, a member of the dental technicians' examining board. The details of the new regulations provide that technicians who have had twelve years' experience as a dental technician, of which the last seven years shall have been spent in an establishment dealing with the public in British Columbia, can apply until September 15 for a license to deal directly with the public. The license will not be available in future years.

Other sections of the regulation provide that those dental technicians who do not qualify must still do business only upon the basis of written prescriptions from dentists. It also requires that all technicians must register with the examining board and accept classification as senior, junior or apprentice technicians. No technicians, even those with the special license, will be allowed to advertise.

SURVEY REVEALS DENTISTS KEEP GOING TO SCHOOL

A recent A.D.A. survey shows that even after they have received their doctorates, eight out of every ten dentists pursue further formal training.

Those dentists who continue advanced training average a course a year throughout their career. The bulk of advanced studies are of relatively short duration and are carried out at a dental

school or under the direct sponsorship of a community or state dental society.

The increasing importance of advanced dental education is shown by the fact that nearly half of all dentists between the ages of 30 and 60 participated in courses in 1958. Also in 1958, the year upon which the survey was based, one out of every four dentists over the age of 60 attended advanced courses.

Another strong trend was revealed by the fact that one out of every three dentists holds an appointment on a hospital staff. In New England alone, nearly half of all dentists occupy such a position.

•

Components Calendar

September 12	**Northwest District Dental Society** Speaker: Dr. Thomas Barber, pedodontia department, University of Illinois College of Dentistry Topic: The dentist takes a look at himself
September 22	**Kankakee County Dental Society** Annual golf outing Kankakee Valley Country Club
September 29	**4th Annual Dental Health Conference** co-sponsored by the Council on Dental Health of the Illinois State Dental Society and the Division of Public Health Dentistry of the Illinois Department of Public Health Leland Hotel, Springfield
October 10	**Central District Study Club Meeting**
October 17-20	**American Dental Association** 101st annual session Los Angeles, California

Py-co-pay ... is the profession's "favorite toothbrush"

For very good reason, Py-co-pay is the outstanding first choice of the dental profession among toothbrushes. That reason is *superiority* ...

In design—first in professional standards—small, narrow head 1" long; uniformly trimmed bristles; straight, rigid 6" handle.

In patient benefits—fits better in lingual areas, covers each brushing position thoroughly; patented "Duratized"* natural bristles last longer. Nylon and natural brushes are "Steratized"* to inhibit bacteria for the effective life of the brush.

PLUS THESE SPECIAL FEATURES

- Py-co-TIP—flexible rubber tip for interdental stimulation.
- Choice of bristle texture to meet every need —medium, hard and extra hard nylon; "Softex" multi-tufted nylon; hard natural. Junior brush in medium nylon.
- Widely distributed thru retail stores so that patients can easily follow their dentist's specific recommendations.
- Available to the profession at special low prices for patient instruction in oral hygiene.

PORCELAIN LINED ACRYLIC JACKET CROWNS

When you specify this increasingly popular Schroeder restoration, you are assuring your patient all of the precision fit of a porcelain jacket plus all of the dependable strength of the acrylics. You combine the best features of both and eliminate the weaknesses. The porcelain core contributes the true accuracy your impression calls for, and the acrylic surface adds the shock-proof, shatter-proof strength that provides permanency. The lasting bond between porcelain and acrylic and the perfect shoulder fit means no seepage ever, thus no discoloration—but lasting satisfaction.

- ✓ All of the precision fit of porcelain
- ✓ All of the great strength of acrylics
- ✓ Maintenance of shoulder fit for the life of the case
- ✓ Definitely no seepage
- ✓ Definitely no discoloration
- ✓ Better esthetics
- ✓ Complete patient approval

Established 1919

Remember Schroeder offers you a complete porcelain and gold service. Our expert technicians design and construct crowns and bridges from individual tooth replacements to complex bridges restoring 5, 6, 7 and more teeth. For results that mean the most to you and your patients, call or write Schroeder.

The 2nd best* thing you can do for your patient's teeth...

***FIRST,** of course, is the important schedule of periodic visits to your office for an examination.

***SECOND,** is your recommendation for regular home dental care with an ORAL B. Prescribe the brush that helps protect *gums* as well as teeth.

This different brush brings important professional care into the home. More than 2,500† very small and flexible filaments encourage gentle care at the gum line, where tooth troubles often start. The smooth-top design provides thorough cleansing of tooth structure plus gentle massage of gingival tissues without injury.

Prescribe an ORAL B . . . the original multi-tufted brush. It does what a toothbrush ought to do! †ORAL B 60

1 texture . . . Firm enough for teeth, gentle enough for gums.

2 actions . . . Gentle massage and thorough cleansing.

3 sizes . . . For every member of the family.

Write for your professional sample.

Swissedenture is many things . . .

It is SEX

No feminine personality — *Soft feminine appearance*

When this patient had conventional dentures her smile was of nueter gender, one that did nothing to enhance her individuality as a woman. The lifeless teeth's monotony of arrangement, moreover, betrayed them as false.

The smile of this same patient with a Swissedenture reveals a dramatic change to a soft, feminine and vivacious expression. It is the charming smile of a woman, an *individual* woman.

Yes, Swissedenture is sex. It is also dedication of purpose, the reflection of life, of personality and age. But mostly it is people: the individuality of patients and the mutual quest for perfection by the Midwest Esthetics Forum and the profession we serve.

We, the members of the Midwest Esthetics Forum, pledge to maintain the highest standard of dental laboratory craftsmanship; to keep fingers on the pulse of all new advances in dental laboratory technology and, in consultation with members of the profession, to study these advances in an objective effort to determine their respective merits.

STATE DENTAL ASSO.

Presents

PAN PACIFIC DENTAL CONFERENCE

AT WAIKIKI
October - 1960
Immediately After A.D.A.
Annual Session
At Los Angeles

OFFICIAL PROGRAM

10 DAYS
10 NIGHTS—ONLY $359.00

Price Includes

Roundtrip excursion flights from West Coast, residence at Reef Hotel and Reef Towers, the full official program of social and sightseeing events, plus all necessary tour services. Steamship passage and other hotels available at adjusted rates.

CHARGES ITEMIZED

Transportation and hotels may be requested separately from the package of official local events, and cost of each service is itemized separately.

IMPORTANCE OF BEING WITH OFFICIAL GROUP

The only offices officially associated with the Hawaii meeting are those designated as such by the Hawaii State Dental Association. Dentists in this group receive official assistance before and after arrival, and are guaranteed tickets to all the social, sightseeing and other similar events even though attendance will be limited.

J. D. HOWARD

1960 is sixth year he represents Hawaii dentists. Other past projects include: The 1958 Pan American Dental Congress held by the Mexican Dental Association, and since 1957 the biennial meetings of the Japan Dental Association. More than 1000 people visit Hawaii each year through J. D. Howard, a fourth generation Islander.

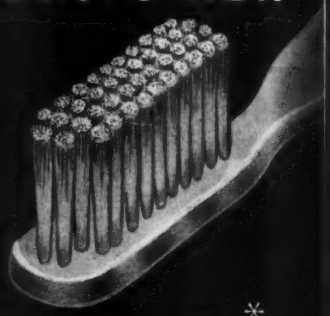
Butler's NEW



G·U·M*
TOOTHBRUSH

IS SAFER FOR TENDER GINGIVAE

Exclusive "Rounded Trim" cleans, massages gently

Here is a completely new concept in toothbrush design. Dr. Butler's G·U·M· brush is more tolerable to soft tissues than other "periodontal" brushes because the sharp edge characteristic of all straight-trim brushes has been eliminated by *rounding off* the edges. The brush of choice for effective, *safe* cleansing and massage, for any patient with sensitive gingivae.

THE PORCELAIN/PALLADIUM COMBINATION THAT IS IDEAL FOR CROWN AND BRIDGEWORK

Now, our ceramist's touch has been given longer useful life than ever before. No longer limited by the nature of previously available materials and techniques, he can provide exquisite crown and bridge restorations with properties of greater durability, abrasion resistance, life-like appearance, cleanliness and lustre that are setting a new high standard in prosthetics.

Precious metals of the platinum group especially alloyed for dentistry, together with an especially prepared feldspar to match the expansion coefficient, are the reasons why Micro-Bond restorations will endure.

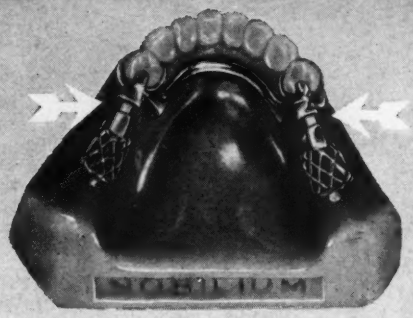
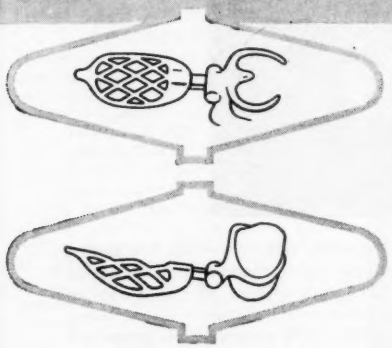
The Improved NOBIL-HINGE



- *Relieves stress*
- *Protects abutment teeth*
- *Provides greater comfort*
- *Assures cleanliness*
- *Increases service life*



When you have a free-end saddle partial to construct, prescribe the Nobil-Hinge to your preferred laboratory.

Your prescription of the improved Nobil-Hinge in free-end saddle cases not only assures the controlled movement of the appliance in oral use, and the resulting minimization of stress on abutment teeth . . . but also the ***complete elimination of seepage. This means cleanliness at all times and avoidance of denture odors.***

The Nobil-Hinge is placed in the most ideal position: as closely to the ridge and the clasped tooth as possible. The acrylic saddle rotates on the axis of the hinge without obstruction. Due to its compact size and design, the hinge does not interfere with the setting of teeth. The hinge becomes a part of the casting. There are no protrusions to create pockets, no spaces for food to pack into.

MAGNIFIED CROSS SECTION OF STIM-U-DENTS SHOWING POROUS, COMPRESSIBLE STRUCTURE.

STIM-U-DENTS

PLAY AN IMPORTANT ROLE

in good interdental hygiene, so vital to good gingival health

Leading periodontists agree that local irritation caused by food residues in areas not ordinarily reached by the toothbrush are an important contributing factor in periodontal disease . . . Not only is the cleansing effect of STIM-U-DENTS useful in the treatment of these diseases, but they are also helpful in the maintenance of optimum gingival health, and are so convenient to use after eating.

If you're not using STIM-U-DENTS in your practice, send for a supply of FREE SAMPLES today. You'll find they are a valuable adjunct to treatment.

How to buy $1,000 for 63¢ a Day

A stroke of your pen and you're on your way toward having $1,000 for a few cents a day. Lots of people are doing it. Just let the company where you work know how much to take out for U. S. Savings Bonds every payday.

By saving just 63¢ a day you can buy an $18.75 Bond every month. After 40 months you own a stack of Bonds worth $1,000 at maturity.

Perhaps the best part is this—you get $1,000 with money you might have easily dribbled away.

Why U. S. Savings Bonds are such a good way to save

You can save automatically with the Payroll Savings Plan. You now earn 3¾% interest to maturity. You invest without risk under a U. S. Government guarantee. Your money can't be lost or stolen. You can get your money, with interest, anytime you want it. You can buy Bonds where you work or bank.

NOW every Savings Bond you own —old or new—earns ½% more than ever before.

You save more than money with U. S. Savings Bonds

The U. S. Government does not pay for this advertising. The Treasury Department thanks The Advertising Council and this magazine for their patriotic donation.
